Radicarsi significa appartenere, riconoscere la propria origine e trarne forza per generare qualcosa di autentico e duraturo. Perché solo ciò che è radicato nella verità della propria origine può davvero fiorire e toccare chi lo incontra.

Rooting oneself means belonging, acknowledging one's origin, and drawing strength from it to create something authentic and lasting. For only what is rooted in the truth of its origin can truly flourish and touch those who encounter it.

IDILLA

design Manuel Di Giacobbe

l'identità della ceramica

Con IDILLA, la ceramica torna a fare la ceramica. Ogni pezzo nasce dal rispetto per la materia prima e dal desiderio di riportare alla luce la sua autenticità.

The identity of ceramics

With IDILLA, ceramics return to their true nature. Each piece is born from a deep respect for raw materials and the desire to rediscover its authenticity.

Ogni forma prende vita attraverso gesti antichi,
tramandati nel tempo.
Il processo industriale e quello artigianale si incontrano,
restituendo alla ceramica il suo carattere più vero.

The value of the gesture

Every shape comes to life through ancient gestures,
passed down through time. Industrial and artisanal
processes meet, restoring ceramics to their purest form.

materia e memoria

La ceramica non è solo un materiale: è memoria, tradizione e innovazione. IDILLA ne riscopre le radici, preservandone la bellezza e proiettandola nel futuro.

Material and memory
Ceramics are more than just a material; they are
memory, tradition, and innovation. IDILLA rediscovers
its roots, preserving its beauty while projecting it into
the future.

la bellezza
dell'imperfezione

Ogni superficie, ogni sfumatura rivela la storia del materiale. L'imperfezione diventa valore, segno di un processo che conserva il calore della mano umana.

The beauty of imperfection

Every surface, every shade tells the story of the material. Imperfection becomes a value, a sign of a process that retains the warmth of human touch.

le radici

IDILLA nasce dal legame profondo con il territorio, ispirandosi alle sue materie prime, ai suoi colori e alla sua tradizione ceramica.

The roots

IDILLA is born from a deep connection with the territory, drawing inspiration from its raw materials, colors, and ceramic tradition.
